Title: **Reminder to register for March of Dimes Dismantling Bias In Maternal and Infant Care™ Provider Training**

Posting date: **September 1, 2022**

Summary: Don't forget to register! Blue Cross Complete is partnering with the March of Dimes® to offer *Dismantling Bias in Maternal and Infant Healthcare™* provider training on **September 9, 2022**.

Providers can earn continuing medical education or continuing nursing education credits upon completion of the training session. **Credits will count toward Michigan implicit bias training requirements.**

In alignment with our mission and our commitment to advancing health equity, Blue Cross Complete has partnered with the March of Dimes to offer a unique learning opportunity: ***Dismantling Bias in Maternal and Infant Healthcare***. Blue Cross Complete is pleased to offer this provider training at no cost to participating providers.

Maternal mortality rates in the United States continue to rise compared to other industrialized countries, and tragically 60% of these deaths are preventable.¹ Disparate maternal outcomes are a result of complex and multifaceted factors that require thoughtful and effective countermeasures.

Training alone won't solve this crisis, but it can provide actionable tools, awareness, education and enriched dialogue surrounding Black maternal health as we work together toward solutions to help reduce disparities in the communities we serve.

The training will include state specific data; learning outcomes will highlight:

- Overview of implicit bias and personal assessment.
- Understand and be able to identify implicit bias, the cognitive basis that informs bias, and its impact on maternity care setting.
- Historical overview of structural racism in the U.S.
- Application strategies to mitigate racial bias in maternity care, such as the CARES Framework™ and the practice of cultural humility.
- Strategies to build a culture of equity within an organization.

Providers will have the option to select from a virtual, instructor-led training, facilitated by March of Dimes, or self-paced e-learning. The virtual, live, instructor-led training will be hosted on **Friday, September 9, 2022** from 8 a.m. to 12 p.m. EST.

Those interested in attending the live training are encouraged to register early – seating is limited and only available on a first-come, first-serve basis. The e-learning sessions will be available beginning in October and will be accessible until the Spring of 2023.

Register today for the live, September 9, 2022 session by using the QR code below or visit: marchofdimes.zoom.us.
