

## **Janssen COVID-19 Vaccine No Longer Authorized for Use**

Effective June 1, 2023, the Janssen COVID-19 vaccine (0031A, 0034A, & 91303) is no longer authorized for use in the United States.

We've updated our policy, *Immunizations & Vaccines (includes Monoclonal Antibodies for Pre-exposure Prevention of COVID-19)* to reflect this change.
