

UPDATE: Fee Schedule Update

McLaren Health Plan Community and McLaren Health Advantage are reviewing and adjusting the commercial fee schedule throughout 2024. The fee schedule adjustments only impact McLaren Health Plan Commercial and PPO lines of business. The first fee schedule updates will be put in place January 2024. For questions about these updates, contact your Provider Relations Representative at (888) 327-0671.

Simponi Aria	J1602
Soliris	J1300
Stelara	J3357
Stelara IV	J3358
Tysabri	J2323
VPRIV	J3385
Vyepti	J3032
Xgeva	J0897
Xolair	J2357
Yervoy	J9228

MHP Site of Care guidelines require these injectable or infusible drugs to be administered only in a non-facility setting, such as the patient’s home or a non-hospital affiliated infusion center. Infusions for these medications are excluded from reimbursement when administered in a hospital outpatient infusion center. In addition, the medications listed above may require preauthorization, regardless of site of care. Refer to the Service Codes Requiring Preauthorization list at [McLarenHealthPlan.org](https://www.mclarenhealthplan.org) > Providers > Medical Management and Authorization > Referral and Authorization Guidelines.

Exceptions may be made when an authorization request is submitted by a physician. The request should include supporting documentation, which MHP will review, indicating the contraindications

for a member to receive these medications in their home or in an infusion center. Prescribers and members will receive advance notification if they are impacted by these Site of Care requirements.

UPDATE: Doula Benefit Coverage for Medicaid Members

Effective January 1, 2023, MDHHS added coverage for Medicaid beneficiaries for doula services. Find in-network doulas in our Medicaid provider directory. MDHHS defined services provided by doulas to include:

- Prenatal services, which include:
 - Promoting health literacy and knowledge;
 - Assisting with the development of a birth plan;
 - Supporting personal and cultural preferences around childbirth;
 - Providing emotional support and encouraging self-advocacy;
 - Reinforcing practices known to promote positive outcomes such as breastfeeding;
 - Identifying and addressing social determinants of health; and
 - Coordinating referrals to community-based support services (e.g., Women, Infants and Children [WIC] program, behavioral health services, transportation, home visiting services).
- Labor and delivery services, which include:
 - Providing continual physical comfort measures, information, and emotional support;
 - Advocating for beneficiary needs; and
 - Being an active member of the birth team
- Postpartum services, which include:
 - Educating regarding newborn care, nutrition, and safety;
 - Supporting breastfeeding;
 - Providing emotional support and encouraging self-care measures;
 - Supporting beneficiary in attending recommended medical appointments;
 - Identifying and addressing social determinants of health;
 - Coordinating referrals to community-based support services (example: WIC, behavioral health services, transportation, home visiting services); and
 - Grief support services.

REMINDER: Authorization Updates, Changes, and Clarifications

Updates, changes, and clarification to authorization requirements will be completed on a quarterly basis. Any updates, changes, or clarifications will be effective in January, April, July and October of each year. The list of Service Codes Requiring Preauthorization is available at

[McLarenHealthPlan.org](https://www.McLarenHealthPlan.org) > Providers > Medical Management and Authorization > Referral and Authorization Guidelines. If you have questions, contact Customer Service at (888) 327-0671.

ACTION REQUIRED: Better Doctor Attestation Request

McLaren Health Plan recently partnered with Better Doctor to assist the plan and its providers ensure our directory information is accurate. Providers and offices are receiving communications asking to have a representative visit verify.betterdoctor.com to verify demographic information MHP currently has in our systems for each practice. The process is simple and a requirement for remaining in-network with McLaren Health Plan. Please be sure to visit the link and verify the practice's location using the access code provided.

Better Doctor also utilizes a process to attest via provider rosters submitted by email. If your group currently sends a roster to their Provider Relations Representative, always copy rosters@questanalytics.com on your emailed roster submissions. Better Doctor will process the roster file and verify the attestation.

These requests occur every 90 days to ensure information is most up-to-date.

UPDATE: DaVita Facility and Home Dialysis Services now in-network for all McLaren Health Plan Members

McLaren Health Plan is pleased to announce the expansion of our dialysis provider network for all lines of business which now includes DaVita facilities and home dialysis providers.

McLaren members can now benefit from dialysis treatment at one of DaVita's 83+ Michigan locations or members may select DaVita as an option for in-home dialysis services. In addition, members who are traveling can receive care at any of DaVita's locations outside of Michigan at the same cost.

McLaren Health Plan is committed to evaluating and expanding our network to ensure our members have access to the best quality of care to meet their needs. This expansion will improve the convenience and accessibility of healthcare for our members. For more information, contact your Provider Relations Representative or visit the DaVita website at [davita.com](https://www.davita.com) for a listing of service location options.

UPDATE: In-Office Laboratory Procedures

McLaren Health Plan contracts with Joint Venture Hospital Laboratories (JVHL) to provide all outpatient laboratory services. To better serve our members, McLaren Health Plan allows physicians to perform and submit claims for specific laboratory services performed in their offices. The in-office laboratory procedures listed below are billable by Primary Care Physicians and Specialists for Medicaid, Commercial, and Health Advantage lines of business.

New codes highlighted yellow below, have been added to this list as payable in the office setting effective **January 1, 2024**.

MHP In-Office Laboratory Billable Procedures	
CPT/HCPCS Code	Procedure Description
80047	BASIC METABOLIC PANEL
80047QW	BASIC METABOLIC PANEL
80048	BASIC METABOLIC PANEL
80051	ELECTROLYTE PANEL
80053	COMPREHENSIVE METABOLIC PANEL
80053QW	COMPREHENSIVE METABOLIC PANEL
80305	DRUG TEST CAPABLE OF BEING READ BY DIRECT OPTICAL OBSERVATION
80306	DRUG TEST CAPABLE OF BEING READ BY INSTRUMENT ASSISTED DIRECT OPTICAL OBSERVATION
80307	DRUG TEST CAPABLE OF BEING READ BY INSTRUMENT CHEMISTRY ANALYZERS
81000	URINALYSIS; NON-AUTOMATED, WITH MICROSCOPY
81001	URINALYSIS; AUTOMATED, WITH MICROSCOPY
81002	URINALYSIS; NON-AUTOMATED, WITHOUT MICROSCOPY
81003	URINALYSIS; AUTOMATED, WITHOUT MICROSCOPY
81007QW	URINALYSIS SCREEN FOR BACTERIA, EXCEPT BY CULTURE OR DIPSTICK
