

## New Plans and Plan Changes Coming in 2026

Below is a high-level overview of the new HAP plans and changes to current plans effective January 1, 2026.

### HAP Commercial Plan

#### Henry Ford Health Select

A new health plan designed to deliver coordinated care and help Michigan businesses manage rising healthcare costs. It offers rich benefits and covers a wide service area. It's available to small and large employer groups in Genesee, Jackson, Lapeer, Macomb, Oakland, Washtenaw, and Wayne counties. It replaces Henry Ford Choice, Genesys Choice, and Pivotal products.

#### Network

- Henry Ford Health Select is structured as an HMO and an EPA, giving members access to Henry Ford Health, including more than 9,400 affiliated providers, more than 550 care sites and 13 Henry Ford Health acute care hospitals, and ancillary services — including lab, imaging, durable medical equipment, therapy, urgent care and behavioral health — through HAP's HMO network.

## HAP Medicare Diabetes and Heart (HMO C-SNP)

A C-SNP plan is a Medicare Advantage plan specifically designed for individuals with certain chronic health conditions. The plan focuses on providing specialized care and support for managing those conditions. Our plan, HAP Medicare Diabetes and Heart (HMO C-SNP), covers the following conditions:

- Diabetes mellitus
- Chronic heart failure
- Cardiovascular disorders

### Proof of Condition

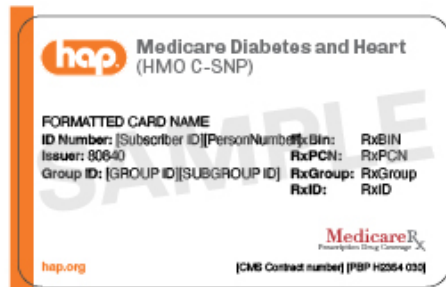

Members enrolling in this plan must have their provider attest to their condition by completing our Provider Verification of Chronic Condition form. The form can be found when you log in at [hap.org](http://hap.org) (under *Quick Links*) or on [hap.org/providers](http://hap.org/providers). Your patient might bring you the form.

### Provider Network

The C-SNP provider network includes HAP Medicare HMO contracted providers. If you are contracted with HAP Medicare HMO, then you are participating in this plan. If you are open to new patients, you are required to see members in this plan.

Members can only see in-network providers. No out-of-network coverage except for emergencies; urgently needed services when the network is unavailable; and when HAP authorizes the use of out-of-network providers.

# HAP CareSource – New Plan

## HAP CareSource™ MI Coordinated Health (HMO D-SNP)

The Michigan Department of Health and Human Services (MDHHS) has selected HAP CareSource to offer a combined Medicare and Medicaid plan, HAP CareSource™ MI Coordinated Health (HMO D-SNP), in Macomb and Wayne counties. This plan:

- Is a Highly Integrated Dual Eligible Special Needs Plan.
- Is a type of Medicare Advantage plan designed for individuals who are eligible for both Medicare and Medicaid (dual eligibles).
- Has Medicaid benefits, including Long Term Services and Supports (LTSS) and behavioral health services, that are integrated with Medicare benefits, aiming for better care coordination.

### Provider Network

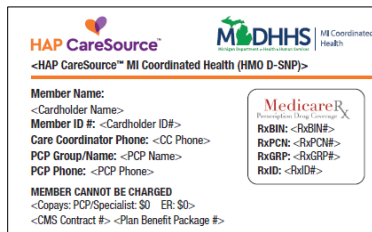

If you are contracted with **both** HAP Medicare Advantage HMO and HAP CareSource Medicaid, you will be in network for the HAP CareSource MI Coordinated Health (HMO D-SNP) plan beginning January 1, 2026. Your network participation will be governed by your contracts and by the HAP CareSource MI Coordinated Health plan’s provider manual, policies and procedures. To confirm your participation in these plans, check the online provider directories.

### HAP CareSource Marketplace Plan Change

The HAP CareSource Marketplace plan offered exclusively **on the ACA healthcare exchange** is being discontinued in 2026. This change affects approximately 20,000 members, who will continue receiving care through the end of 2025 and can select new coverage during open enrollment. This decision was not made lightly and was driven by unprecedented financial challenges impacting the entire healthcare industry.

**Important!** HAP continues to offer individual off-exchange plans —including expansion into 10 new counties.
