Carve out status in the Prior Authorization Requirement column identifies Medicaid program covered injectable drugs and biological products that are carved out from Medicaid health plan coverage. They'll be reimbursed as a fee-for-service for all FFS and MHP enrollees. All required prior authorization according to MDHHA requirements.

Q4186 (Epifix) and Q4187 (Epicord) are reviewed by Blue Cross Complete's Utilization Management Department. Providers should submit prior authorization requests with supporting clinical documentation online through NaviNet or by fax to **1-888-989-0019.

MDHHS fee schedules and additional information can be found by visiting michigan.gov/mdhhs.
