### **Provider Alert**

**To:** All Blue Cross Complete providers

**Date:** Oct. 23, 2025

**Subject:** Removal of pharmacy copays for Human Immunodeficiency Virus prevention drugs

Effective Nov. 1, 2025, no pharmacy copayment will be charged to members for prescription drugs used to help prevent Human Immunodeficiency Virus, or HIV infections. This update applies to HIV prevention drugs pre-exposure prophylaxis, or PrEP and HIV post-exposure prophylaxis, or PEP.

The Michigan Department of Health and Human Services issued Bulletin [MMP 25-44](#) on Sept. 30, 2025, designed to remove financial barriers to these type of drugs, increase access to care, and support Michigan's [Equitable Plan](#), aimed at reducing HIV infections. The Michigan's Equitable Plan is an effort to reduce new HIV infections by 90% by 2030 through increased diagnosis, treatment, prevention and coordinated response.

Drugs that are exempt from pharmacy copayment requirements will be identified on the Michigan Pharmaceutical Products List as "no" under the copay column. The MPPL can be found at [mi.primetherapeutics.com](http://mi.primetherapeutics.com).

If you have any questions, contact your Blue Cross Complete provider account executive or Provider Inquiry at 1-888-312-5713.
