Please be advised that the Family Center for Children and Youth with Special Health Care Needs is offering monthly Professional Connect Calls for providers who are interested in learning about resources and support services available at Children's Special Health Care Services. These calls are specifically designed for professionals working with families of children with special needs.

The next call, CSHCS 101, will take place on Thursday, July 20 from 3-4 p.m. During this call, providers will learn how to identify children and youth who are eligible for CSHCS coverage, services, and programs.
