

Changes to Cigna Network Relationship

Cigna recently announced an exclusive partnership with Priority Health. Here's what you need to know.

- For Cigna members accessing HAP's HPI network:
 - Today, Cigna leases HAP's HPI network inside Michigan. Effective January 1, 2021, Cigna will no longer use the HPI network.
 - We will continue to price claims for Cigna members for dates of service through December 31, 2020.
- For HAP members accessing the Cigna network, there is no change. They will continue to have access to the Cigna network.
