

HAP Empowered Duals (HMO SNP) Frequently Asked Questions for Providers

The following information is specific to the 2021 HAP Empowered Duals (HMO SNP) plan.

Important!

D-SNP is a Medicare Advantage plan. The PCP is not required to become a Medicaid participating provider. The member cannot be held responsible for the remaining balance that Medicaid would cover. Providers contracted with HAP Medicare plans and open to new patients are required to see our D-SNP members.

General

1. What is a Dual Eligible Special Needs Plan?

- A dual special needs plan, or D-SNP, is a special type of Medicare Advantage HMO plan that provides health benefits to members who qualify for Medicare and are eligible for Medicaid services in their state.
- These members often have special health care needs such as chronic conditions. Most members have an income below the federal poverty line and receive extra help from the government to help pay for their health care costs, including health insurance premiums and prescription drugs.
- These members are often transient, meaning they do not have a permanent residence and may stay with family members who can help care for them. Some may live in an institutionalized care facility.

Service Area

1. What is the HAP Empowered Duals (HMO SNP) service area?

Members must reside in a county where a D-SNP plan is offered by their health plan to be eligible. HAP offers a D-SNP plan in Genesee, Macomb, Oakland, and Wayne counties.

Provider Network

1. What is the HAP Empowered Duals (HMO SNP) provider network?

If a provider is contracted for HAP Medicare HMO products, then the provider is participating in our D-SNP network. Members may only see providers in HAP Medicare HMO network.

2. Are members required to have a primary care physician?

Members must select a PCP to coordinate their care for Medicare services. HAP Empowered will auto-assign a PCP if one is not selected.

3. What if the member's PCP is not a Medicaid participating provider?

D-SNP is a Medicare Advantage plan. The PCP is not required to become a Medicaid participating provider. The member cannot be held responsible for the remaining balance that Medicaid would cover.

4. Are all providers required to see our D-SNP members?

Yes. Providers contracted with HAP Medicare plans and open to new patients are required to see our D-SNP members.

Case Management

1. Do members receive case management services?

Members enrolled in a D-SNP plan have an Interdisciplinary Care Team (ICT), which includes physicians and care coordinators that work together to help each member receive the most appropriate, highest quality of care. Each member has an Individualized Care Plan (ICP) based on the results of their comprehensive Health Risk Assessment (HRA). The HRA must be performed by a nurse or care coordinator within 90 days of enrolling in a DSNP.

Member Eligibility

1. What are the eligibility requirements to join HAP Empowered Duals (HMO SNP)?

- Must be eligible for Medicare; entitled to Part A and enrolled in Part B; 65 and older or under 65 with certain disabilities, or special needs
- Must be eligible for full Medicaid benefits
 - Note: Members can enroll in the HAP Empowered Medicaid plan or enroll in another carrier's Medicaid plan or have a fee-for-service Medicaid plan with the State

We accept members with these Dual designations:

- FBDE: Full Benefit Dual Eligibles
- SLMB Plus: Specified Low-Income Beneficiaries
- QMB Plus: Qualified Medicare Beneficiary
- Members must reside in 4 county service area: Genesee, Wayne, Oakland or Macomb

2. When can a member enroll in a D-SNP?

D-SNP members have Special Enrollment Periods (SEP) which allow them to enroll, disenroll or switch plans once a quarter for the first three quarters of the year. Enrollment changes become effective the first day of the following month.

3. What if a member loses eligibility?

If a member loses their Medicaid eligibility, our plan will continue to cover Medicare benefits for a grace period of up to 90 days. This grace period begins the first day of the month after we learn of the loss of eligibility. If at the end of the 90-day grace period, Medicaid eligibility has not been regained and the member has not enrolled in a different plan, we will disenroll the member from our plan. They will be enrolled back in Original Medicare.

We may also contact the member to assist them in enrolling in a HAP Medicare Advantage Prescription Drug Plan with affordable cost shares and premiums.

ID Cards

1. What do member ID cards look like?

D-SNP members will carry the HAP Empowered Duals (HMO SNP) ID card below. They also have a state-issued Medicaid ID card. They should show both cards each time they visit their doctor or facility.

Member Benefits

1. What services and benefits are covered in our D-SNP plan?

- All benefits covered under Original Medicare.
- Supplemental benefits vary by plan and can include:
 - Dental
 - Hearing aids
 - Non-emergency transportation
 - Eyewear
 - Meal programs
 - Over the counter (OTC) products
 - Extra help for diabetics
- Members may only see providers in the HAP D-SNP network. No out-of-network benefits exist for this plan except for emergencies, and urgently needed services when the network is not available, and cases in which HAP authorizes use of out-of-network providers.

Billing and Claims

1. Can a provider balance bill a member?

No. Providers may not balance bill D-SNP members who do not have cost share responsibility (including QMB only members). Members who lost their Medicaid eligibility may have a cost share. To confirm member eligibility, you can:

- Visit the CHAMPS web portal at milogintp.michigan.gov
- Call CHAMPS Provider Support at **(800) 292-2550, option 5, then 2**

Important! D-SNP is a Medicare Advantage plan. The PCP is not required to become a Medicaid participating provider. The member can't be held responsible for the remaining balance that Medicaid would cover.

2. Will HAP Empowered Duals members have HAP as their carrier for both D-SNP (Medicare Advantage) and Medicaid?

HAP Empowered DSNP members are not required to enroll in HAP Empowered Medicaid. If members also chose HAP Empowered for their Medicaid plan, HAP will coordinate benefits for both plans.

3. Should a provider bill Medicare or Medicaid first?

Providers should bill Medicare first. Federal rules dictate that Medicaid is the payer of last resort. For both plans, when Providers receive their HAP Empowered remittance advice, they may bill Medicaid for any remaining balance. Actual payment level depends on the state payment policies. Providers may be required to be enrolled in the state Medicaid program to bill the state Medicaid agency for eligible services. HAP does not coordinate the secondary payment. **Members should never be balanced billed.**

4. What member ID number should a provider use to submit electronic claims?

Use the *ID Number* on the member's HAP Empowered Duals (HMO SNP) ID card.

Provider Requirements

1. Do providers need additional training to see D-SNP members?

The Centers for Medicare & Medicaid Services requires D-SNP plans to:

- Have an approved model of care
- Annually, train providers on their model of care. All providers and office staff who interact with D-SNP members are required to complete training. Our model of care training can be found at hap.org/providers, Provider Resources, then Medicare 101.

2. What information are providers required to submit?

To support Healthcare Effectiveness Data and Information Set (HEDIS) initiatives, be sure to submit encounter data for the Care for Older Adults (COA) measure. Requirements include:

- Advanced Care Planning (CPTII: 1157F, 1158F)
- Functional Status Assessment (CPTII: 1170F)
- Medication Review (CPTII: 1159F and 1160F must both be submitted on the same claim, same day)
- Pain Screening (CPTII: 1125F, 1126F)
