

## Telemedicine Training Sessions for Ambulatory Providers

Through a partnership, the U.S. Department of Health and Human Services has developed a virtual training series on telemedicine for ambulatory providers. Details, registration and a link to the flyer can be found in the details below.

### Telemedicine Hack: A 10-week learning community to accelerate

#### telemedicine implementation for ambulatory providers (July 22–September 23, 2020)

**What:** HHS Telemedicine Hack (TM Hack) is a 10-week virtual, peer-to-peer learning community to accelerate telemedicine implementation for ambulatory providers. Components of TM Hack include: Five teleECHO sessions; Five virtual “office hour” discussion panels; and Inter-session peer-to-peer learning facilitated via virtual discussion boards. CME/CEU credits are available at no cost to participants.

**When:** Telemedicine Hack sessions will take place on Wednesdays, from July 22–September 23, 2020, Noon–1 PM ET

**How to sign up:** Click here to register:
